# The world's most advanced CT scanner now at Radiology SA

We are excited to announce the arrival of our new state-of-the-art CT Scanner, taking patients to a new level of personalised CT scans.

## The Siemens SOMATOM Definition AS+

- The world's first and only adaptive scanner.
- Radiology SA among the first in Australia to install this leading edge technology.

## Adapts to any patient

- Superior patient comfort and reduced claustrophobia.
- Reduced radiation dose.
- Improved patient accessibility.
- Fast and flexible scanning.

## Superior imaging for diagnostic confidence

- Improved diagnostic confidence with industry leading image resolution with 128-slice CT.
- Unique z-UHR (Ultra High Resolution) technology delivers exceptional resolution for detailed imaging.
- Increased accuracy in the staging of oncology patients with unique CT oncology software.

## Customer Service

Exceptional customer service delivered by an expert team.
